

Let It Rock

Well in the heat of day down in mobile, alabama  
I'm workin' on the railroad with a steel drivin hammer  
I gotta get some money buy some brand new shoes  
Gotta find somebody take away my blues  
Well she don't love me when I'm singin' in the sun  
Payday's comin' when the work is all done

Well now late here in the evening when the sun is sinkin low  
All day I've been waitin' for that whistle to blow  
Sitting in a teepee built right on here on the tracks  
Rolling them bones until the foreman comes back  
Pick up your belongings boys and scattere about  
We've got an off shedule train comin two miles out

Everybody's scrambling and a running around  
Picking up their money tearing the teepee down  
Foreman wants to panic, bout to go insane  
Trying to get the workers out the way of the train  
Engineer blows the whistle loud and long  
Can't stop the train gotta let it roll on
